Flynn Expands West with D&D Roofing/D&D Monarch

January 8, 2016

We are pleased to announce that D&D Roofing and D&D Monarch Sheet Metal have merged with Flynn Group of Companies to join our US Operations. The company is now the third operation in Flynn's southwest region and will be co-branded as **Flynn D&D Monarch**.

"We are thrilled to have found Flynn Companies. We know this is a great match to our current values and culture. Flynn shares in the same passion and work ethic as our current staff. We are fortunate to have this opportunity for future growth in the Rocky Mountain Region," said Rob McReynolds, Vice President of Denver Operations.

"There's a strong market in Denver and we've got a great opportunity to generate both organic and synergistic growth," said Brynne Smith, President of Flynn's US Operations. **"D&D had everything we were looking for in a company to expand with: passion for safety, focus on customer satisfaction, positive reputation, and strong field crews."**

"It's an honor to have been chosen by the Flynn Companies as a partner in their US expansion. I'm looking forward to being a representative of the Flynn culture in the Denver marketplace," added Ty Mattern, Vice President of Architectural.

Our new location in Denver will be contracting as **Flynn Southwest LP**, and will offer roofing (new, reroofing and service), as well as architectural and sheet metal fabrication and installation. Flynn Southwest has current projects in the following States: Colorado, Arizona, New Mexico and Wyoming.

"Rob and Ty understand Flynn's culture and our priority for excellence and going beyond compliance in safety. It's a great company and we're all very excited to establish a new base in this part of the country," stated Doug Flynn, CEO of Flynn.

Based out of Toronto, Flynn Group of Companies now has 27 locations throughout Canada and the United States, with a plan for continuous expansion in the US. Flynn will generate annual revenue of more than \$750 million per year from these operations. For additional information, please contact Brynne Smith, Rob McReynolds, or Ty Mattern.
